\*The PGY-1 year consists of 13 four-week blocks

\*\* The PGY-2, PGY-3, PGY-4 and PGY-5 years consist of 12 blocks comprised of one calendar month each

\*\*\* The PGY-6 year consists of 11 blocks comprised of one calendar month each, and two two-week blocks: "Cosmetic Rotation" and "Research"

<sup>1</sup> The "Plastic Surgery" rotation in block 2 of the PGY-4 year includes 50% research, in the form of establishing a research project, or working on an ongoing project.

<sup>2</sup> The "Research" rotation entails no inpatient or outpatient responsibilities. The resident completes research in the form of ongoing data collection, project development, and manuscript writing.
