

DARTMOUTH-HITCHCOCK MEDICAL CENTER TRAVEL AND LODGING INFORMATION

AIRPORTS

Driving times (in good weather) from nearby airports are approximately:

Manchester, New Hampshire (MHT): 1-1/2 hours (75 miles)

Boston Logan Airport (BOS): 3 hours (135 miles)

Hartford, Connecticut (BDL): 2-1/2 hours (155 miles)

Burlington, Vermont (BTV): 2 hours (95 miles)

Lebanon, New Hampshire (LEB): 10 minutes (limited number of flights) (6.5 miles)

We have a small local airport in Lebanon but it is often more expensive than flying into one of the other larger airports in the region. At times it may be possible to find a comparable rate (when taking into account the costs associated with travel here from the larger airports), but due to our unpredictable New England weather patterns, we strongly discourage you from selecting the Lebanon Airport.

There are three larger airports within approximately 1.5-2.5 hours driving distance from DHMC.

[Manchester-Boston Regional Airport](#) is about 75 minutes away by car and offers many direct and connecting flights on most of the major airlines. Because of its smaller size, there is little delay in checking in or getting through security (read: no long lines).

To get to DHMC from the Manchester Airport, there is limited bus service or your choice of several major rental car companies. A list of these is kept up to date on the airport's website.

[Burlington International Airport](#) is approximately 90 minutes away by car and offers slightly fewer direct and connecting flights than Manchester. It is a small airport and there is no bus service to the DHMC area. Your best bet would be renting a car.

[Boston Logan International Airport](#) is about 2.5 hour drive by car. This will give you the maximum number of flight options and could allow you to combine your trip to DHMC with interviews you might have in Boston.

OTHER MILEAGES:

New York City: 250 miles

Montreal, Canada: 190 miles
