

Dear new resident or fellow,

This is an exciting time in your career and we are looking forward to welcoming you to Dartmouth-Hitchcock Health (D-HH) as well as our [Upper Valley community](#). If you have a spouse, partner or other family member who will be joining you during your residency or fellowship, and who is interested in exploring career opportunities while you continue your medical education, we would love to help!

Please encourage your family member to email us at WeMatched@hitchcock.org to get the conversation started about opportunities within the D-HH system, or to be connected with other Upper Valley resources.

Some helpful information to include in your initial email to us includes:

- Their resume
- A high level summary of experience and the type of opportunity they are looking for
- Any important timeline information regarding their job search and availability

Thank you and welcome to D-HH!
