Notes: *2 weeks NF, 2 weeks VA

Required clinical rotations are Nuclear Medicine and Mammography. Scheduling of fourth year clinical rotations largely individualized, tailored to the resident's interests/future subspecialty training. All residents do 4 weeks of Fluoro GI and at least two weeks of Night Float and VA; most will also do 4 weeks of Chest/Cardiac, Body, and Neuro. Clinical rotations include additional time in the aforementioned subspecialties, as well as MSK, US, IR, and Vascular US.

Elective offerings include: Clinical subspecialty concentration, clinical radiology electives (Global Health, Emergency Radiology, Community Radiology), 2-week rotations with clinical specialties (breast, neurology/neurosurgery, orthopedics), and nonclinical electives (business/leadership, clinical educator tract, informatics, research)

Vacation (15 days in total) may be taken during any time during the year. Residents also have 5 personal/wellness days.
